

Welcome to the Hughes Eye Center

McKenzie Hospital Satellite Clinic

Hughes Eye is located inside the “Physicians’ Offices” of McKenzie Regional Hospital. The easiest way to find our office is to locate the “Ambulance Entrance.” Hughes Eye is to the right of the McKenzie Physical Therapy office under the sign that reads, “Physician Offices.” We are located inside this entrance on the left. Numerous parking spaces are available in this area. If you have trouble finding the clinic, please call us at 731-664-1994.

Please complete the attached paperwork prior to your visit and bring the forms with you on the day of your consultation. If you would like to complete and submit the paperwork online go to www.hugheseye.com. If you require additional assistance please don’t hesitate to contact us at 731-664-1994.

A few reminders prior to your visit.

- Our main office is in Jackson, Tennessee. We see patients requiring surgical consultation two Wednesday’s per month at our McKenzie location.
- An office visit is **ALWAYS** required before your planned cataract or laser surgery. Insurance companies require documentation and pre-authorization of surgical procedures before the actual surgery is performed.
